

One Mole Digging A Hole

Cover

Look at the picture. What do you see?

I see one animal with a shovel.

It has gray fur, a long nose, and sharp claws.

Do you know what it is?

It's a mole. The mole is good at digging a hole like this one.

Where is the mole? Can you guess?

I see grass, beautiful flowers, and a butterfly. He is at the garden.

The title of this book is "One Mole Digging a Hole".

Let's look inside the book!

Page 1-2

Look at here. I see a number.

Can you read this number?

Right, number one like this one butterfly.

There is one mole and he is digging one hole.

Can you guess why he is digging a hole?

Right, he wants to plant this one tree.

Page 3-4

Now I see number two. Can you tell me what are two here?

Right, I see two snakes. What do they do in the garden?

They rake the garden. Rake, Rake, Rake!

Do you want to rake the garden? Ok, let's do it together!

This is the way we rake the garden, rake the garden, rake the garden.

Page 5-6

What animal do you see here?

Right, we can see bears.

How many bears are there? Let's count them.

One, two, three bears. So I see the number 3 here.

What are they doing under the pear tree?

They are picking the pears.

Wow, they look so yummy!

Page 7-8

How many butterflies do you see?

Right, there are four butterflies.

Can you read this number?

This is the number four.

Let's find something that is four in this picture.

Right, there are four foxes.

They are picking.... tomatoes and putting them in the boxes.

Be careful, fox! Your tomatoes are falling!

Page 9-10

Look at these birds. They are white and they have long bills and long legs.

They are storks. Say hello storks!

How many storks are there?

Right, there are five storks. This is number 5.

They have very big forks and they are working in the garden.

Good job storks!

Page 11-12

Wow, I see very colorful birds. They are parrots. Say parrot.

Sometimes parrots can talk like us. Hello or I love you!

I see the number 6....and there are six parrots.

Oh, parrots are very busy pulling the carrots!

Page 13-14

Chop, Chop, Chop! What animal do you see now?

Right, I see frogs. How many frogs are there?

I see seven frogs.

This the number is 7. Number seven is my favorite number.

What about you?

You too? Great!

They are cutting the logs chop chop chop. Wow, they are very strong!

Cheer up seven frogs!

Page 15-16

Caa Caa Caa! Do you know the name of this bird?

They are crows. Let's say crows.

They are black birds.

This number is 8. How many crows are there?

Right, there are eight crows

Look! They are very busy in the garden.

They have a hose and they are giving water to the vegetables.

Have some water, vegetables !

Page 17-18

Wow, I see more birds.

They are white birds. They are doves.

Have you ever seen doves before?

Say hello doves!

Let's count how many birds are there.

Right, nine birds like this number 9.

Look, they are wearing gloves on their wings. Ha ha ha, this is funny.

What are the doves doing?

I think they are picking these beautiful roses!

Do you know why they are wearing gloves?

Right, roses are very sharp so you might be hurt! Be careful doves!

Page 19-20

Wow! I see buzz~~~~ bees. How many bees can you see?

Right, I see ten bees.

This is the number 10.

They have scissors and they are making trees beautiful by cutting them.

Snip, Snip, Snip. This tree looks like a chicken.

Do you think they have done a great job?

Then let's say, "You did a great job bees!"

Very good!

Page 21-22

Tada! Every animal is gathered around in the garden.

Do you remember all of them?

Let's say the name of the animals!

Look! They are all wearing sunglasses and are having drinks.

I think this is rest time!

Do you think they have a great time together?

Now tell me what animal you like the most?
