

# DON'T WORRY, LITTLE CRAB

## Activity Kit

### Welcome, friends,

We are so pleased that you are joining us for storytime and activities with *Don't Worry, Little Crab*. In this beautiful picture book, Little Crab is afraid to venture out from his rocky beach to the BIG WIDE SEA. But with some reassurance from Very Big Crab, pretty soon Little Crab is under the waves – and Little Crab loves it so much, Little Crab doesn't want to go home! Are there things that you might be afraid of sometimes? New places or things you aren't sure you're ready to try? Well, just follow the lead of Little Crab and dive right in – WHOOSH! You won't be sorry you did, and it will definitely lead to lots of new adventures.
